AÚ

O CAPOEIRISTA

Flávio Luiz

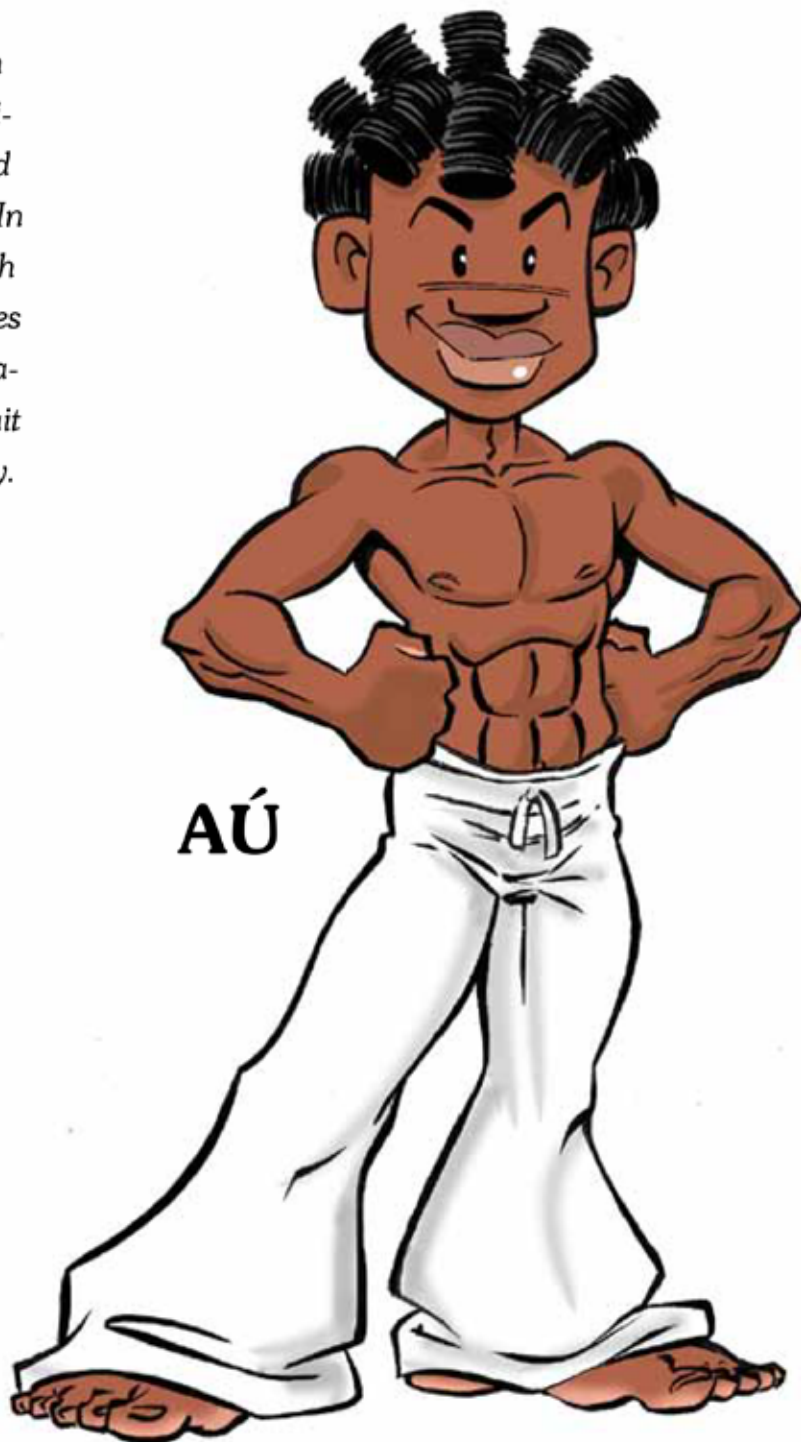

Aú, an adolescent capoeira player, is cheerful and hospitable like most people in Bahia. With his little capuchin monkey, Licuri, our hero investigates the disappearance of Nathalie, a French girl who was kidnapped in the neighbourhood of Pelourinho when she saw the beginning of a criminal fire. His investigation takes him to an island that belongs to mysterious Armando Confuzionni. Will our hero find Nathalie? Will he succeed in setting her free? In a story full of adventure, humour, and a touch of romance (why not?), Aú traverses the slopes in Pelô and other locations in the city of Salvador, as well as participates in a thrilling pursuit with jet skis in the waters of the All Saints Bay.
